5. In the User Name field, enter your STUDENT user name (student number) then press the Tab key.
6. In the Password field, enter your STUDENT password (learn)
7. Click the Log In button, or press the Enter key.
8. The “Select an Interface” window will appear. Click on the Classroom Button.

9. You will see a familiar Classroom. Click on the screen of the laptop computer on the desk.
10. You will see your program choices. Click on the name of the course [*Reading Readiness (K)*, *Initial Reading (1-2)*, *Reader’s Workshop (2-5)*, or *Math Concepts and Skills (K-8)*] you want to use, then click GO.
11. When prompted, insert the correct courseware CD from the SuccessMaker at Home CD set (for example, *Math Concepts and Skills*) in your computer. Follow the prompts and work to complete the session. It is best to work completely through a session (generally 18 minutes) when you work in the SuccessMaker at Home program. Results are recorded in such a way that your teacher will be able to view your results as well, even though you are working at home. It is okay to do more than one session during any visit to the site if you like.
